BUILDING AN EFFECTIVE FUNDRAISING STRATEGY FOR FINE ARTS

PRE-CONFERENCE WORKSHOP ON DEVELOPMENT

ICFAD (International Council of Fine Arts Deans) Conference
Hosted by the College of Fine Arts, The University of Texas at Austin
October 2, 2019

AT&T Center, Room 203

The College of Fine Arts at The University of Texas at Austin welcomes the opportunity to host the ICFAD Development Workshop in fall 2019.

About Development in the College of Fine Arts at UT Austin:

Fundraising for the Fine Arts is often different from fundraising for other colleges on campus. Whether your institution or advancement office is large or small, everyone shares similar fundraising challenges. Your host, the UT College of Fine Arts, has evolved from a “mom and pop” shop (the dean and one frontline officer) in 2004 into a more robust professional operation. We have made mistakes large and small, learned from them, and kept pushing forward.

Over the past 15 years, the UT College of Fine Arts has more than doubled its yearly fundraising totals from an average of $5-$7 million to $12-$15 million. Along the way, we have had tremendous successes, including a transformative $55 million gift to name our music school. College endowment holdings have increased over $100 million in ten years and now total $160 million, which includes more than 465 individual student, faculty, and program endowments. In addition, more than $85 million in unrealized estate gifts are currently in place, most earmarked for endowments. But no matter past successes, we still keep striving to improve our development operations to meet the ever-changing and growing needs of our college.
